In connection with this issue, the Issuer may over-allot or effect transactions which stabilise or maintain the market price of the Certificates at a level which might not otherwise prevail. DOCUMENTS INCORPORATED BY REFERENCE

The Issuer incorporates by reference into this Prospectus (i) the annual reports for the years ended 31 December 1997, 1998 and 1999 and the unaudited consolidated interim financial statements for the six months ended 30 June 2000 of ABN AMRO Holding NV (each of which incorporates the financial statements of the Issuer) (in English); and (ii) the articles of association of the Issuer.

From the date of this Prospectus a copy of any or all of the documents which are incorporated herein by reference will be available free of charge during usual business hours on any day (except Saturdays and Sundays and legal holidays) at the specified office of the Paying Agents and Listing Agent in Luxembourg and at the registered office of the Issuer. Written or telephone requests for such documents should be directed to the Issuer at its registered office set out at the end of this Prospectus. Such documents will also be available upon request at the offices of the Fiscal Agent.

RISK FACTORS

An investment in the Certificates entails significant risks not associated with similar investments in a conventional debt and equity security, including the following:

The Certificates entitle the Certificateholder to receive, upon exercise of the Certificates or Early Termination by the Issuer, the Settlement Amount or the Early Termination Amount from the Issuer. Investors are therefore at risk that the level of the Index may cause the Settlement Amount or the Early Termination Amount to be less than the amount paid for the Certificates. Accordingly, this investment bears the market risk of a direct equity investment and investors are cautioned to take advice accordingly.

There can be no assurance as to how the Certificates will trade in the secondary market or whether such market will be liquid or illiquid. Application has been made to list the Certificates on the Luxembourg Stock Exchange. No assurance can be given that there will be a market for the Certificates. If the Certificates are not traded on any Certificates exchange, pricing information for the Certificates may be more difficult to obtain, and the liquidity and market prices of the Certificates may be adversely affected.

The market value for the Certificates will be affected by a number of factors independent of the creditworthiness of the Issuer and the level of the Index, including, but not limited to market interest, exchange rates and yield rates. In addition, the level of the Index depends on a number of interrelated factors, including economic, financial and political events in Europe and elsewhere, including factors affecting capital markets generally and the Relevant Exchange. The price at which a Certificateholder will be able to sell Certificates prior to exercise may be at a discount, which could be substantial to the value of the Certificates at the Issue Date if, at such time, the level of the Index is below, equal to or not sufficiently above the level of the Index at the date of this Prospectus. The historical levels of the Index should not be taken as an indication of the Index's future performance during the term of the Certificates.

Potential conflicts of interest may exist between the Calculation Agent and Certificateholders, including with respect to certain determinations and judgments that the Calculation Agent may make pursuant to the Conditions that may influence the amount receivable upon redemption of the Certificates.

Prospective investors who consider purchasing the Certificates should be aware that these Certificates are Open-End Certificates. This means that settlement of the Certificates depends on the Certificateholder exercising his right to receive the Settlement Amount, or the Issuer terminating the Certificates.

Prospective investors who consider purchasing the Certificates should reach an investment decision only after carefully considering the suitability of the Certificates in light of their particular circumstances.

Selection Criteria

Constituent stocks of the Index are selected by a rigorous process of detailed analysis, supported by extensive consultation. To be eligible for selection, a company:

- should be among those that constitute the top 90% of the total market capitalisation of all ordinary shares listed on the SEHK (market capitalisation is expressed as an average of the last 12 months);
- should be among those that constitute the top 90% of the total turnover on the SEHK (turnover is aggregated and individually assessed for eight quarterly sub-periods for the past 24 months);
- should have a listing history of 24 months; and
- should not be a foreign company as defined by the SEHK.

From the many eligible candidates, final selections are based on the following:

- the market capitalisation of the companies;
- the representation of the sub-sectors within the Index directly reflecting that of the market; and
- the financial performance of the companies.

In the case of Certificates in definitive form, payments will be made upon surrender of Certificates at the specified office of any of the Paying Agents.

(c) Payments subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws and regulations and practices in force at the relevant time (including, without limitation, any relevant exchange control laws or regulations and the rules and proceedings of the Clearing Systems), but without prejudice to the provisions of Condition 9.

Neither the Issuer nor the Principal Agent shall incur any liability whatsoever if it is unable to effect the transaction contemplated, after using all reasonable efforts, as a result of any such laws, regulations and practices. Neither the Issuer nor the Principal Agent shall under any circumstances be liable for any acts or defaults of any clearing system in the performance of its duties in relation to the Certificates. Section 161(1) of Book 6 of the Dutch Civil Code will not be applicable to any Certificate that, after issuance, comes into the possession of ABN AMRO Bank N.V.

6. Exercise Procedure

(a) Exercise

The Certificates are exercisable on each Exercise Date prior to the Exercise Time, subject to their prior termination as provided herein.

Certificates may only be exercised by delivery in writing, by tested telex confirmed in writing, or by any other means acceptable to the Fiscal Agent of a duly completed Exercise Notice to the Fiscal Agent and with a copy to a Paying Agent on or before the Exercise Time on the Exercise Date. The form of such notice shall be in the form as set out in the Agency Agreement or in such other form as the Fiscal Agent may specify. Copies of the Exercise Notice may be obtained from the Paying Agents and must be delivered to the Fiscal Agent and with a copy to a Paying Agent not later than the Exercise Time on the Exercise Date.

The Exercise Notice must:

- (i) specify the name, address, facsimile, telex, telephone and attention details of the Certificateholder;
- (ii) specify the number of Certificates being exercised;
- (iii) specify the number of the Certificateholder's account at a Clearing System to be credited with the Settlement Amount;
- (iv) include an irrevocable undertaking to pay any taxes and an instruction and authority to the Clearing System to deduct an amount in respect thereof from the Settlement Amount due to such Certificateholder or to debit, at any time on or after the Settlement Date, the specified account of the Certificateholder at the Clearing System with an amount or amounts in respect thereof and to pay such taxes to the extent of such amount or amounts;
- (v) certify that the Certificates are not being exercised by or on behalf of a U.S. person or person within the United States and Certificates are not beneficially owned by a U.S. person or a person within the United States and authorising such certificate to be produced in administrative or legal proceedings (all as more fully set out in the Exercise Notice);
- (vi) authorise the production of the certification referred to in Condition 6(a)(v) in any applicable administrative or legal proceedings.

An Exercise Notice which has not been received by the Exercise Time on the Exercise Date to which it applies, shall be void and no Certificates in respect to such Exercise Notice and the applicable Exercise Date shall be exercised. The Exercise Notice shall be void if the number of Certificates specified in the Exercise Notice exceeds, on the Exercise Date, the number of Certificates held in the account specified therein.

b) Determinations

Any determinations as to whether the telex or notice referred to in Condition 6(a) is duly completed and in proper form shall be made by the Fiscal Agent and shall be conclusive and binding on the Issuer and the relevant Certificateholder. Any such telex or notice determined to be incomplete or not in proper form shall be null and void.

If such telex or notice is subsequently corrected to the satisfaction of the Fiscal Agent it shall be deemed to be a new notice

delivered at the time such corrected telex or notice is delivered to the Issuer.

c) *Effect of Exercise Notice*

Delivery of a telex or notice as referred to in Condition 6(a) shall constitute an irrevocable election and undertaking by the relevant Certificateholder to exercise the Certificates specified in it. After the delivery of such telex or notice, such exercising Certificateholder may not otherwise transfer such Certificates. Notwithstanding this, if a Certificateholder does so transfer or attempts so to transfer such Certificates, the Certificateholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer including those suffered or incurred as a consequence of it having terminated any related hedging operations in reliance on the relevant telex or notice and subsequently (i) entering into replacement hedging operations in respect of such Certificates or (ii) paying any amount on the subsequent exercise of such Certificates without having entered into any replacement hedging operations.

7. Early Termination

As of the Business Day that is 3 calendar years following the Issue Date, the Issuer has the option to terminate the Certificates, in whole but not in part, on any Exchange Business Day on giving not less than two calendar years' notice. Such notice will be given to the Clearing Systems and published in accordance with Condition 16 and shall specify the Early Termination Date. In such event, each Certificate will entitle the Certificateholder to receive from the Issuer the Early Termination Amount on the Early Termination Payment Date, unless previously exercised.

8. Determination of the Settlement Amount

(a) *Calculation Agent*

The Calculation Agent shall not act as an agent for the Certificateholders but shall be the agent of the Issuer and all calculations and determinations hereunder shall (save in the case of manifest error) be final and binding on the Issuer, the Paying Agents and the Certificateholders. All calculation functions required of the Calculation Agent under these terms and conditions may be delegated to such person as the Calculation Agent, in its absolute discretion, may decide.

(b) *Responsibility*

Neither the Issuer, the Paying Agents nor the Calculation Agent shall have any responsibility for any errors or omissions in the calculation and dissemination of any variables published by third parties and used in any calculation made pursuant to these terms and conditions.

9. Taxation

All payments of the Settlement Amount and Early Termination Amount in respect of the Certificates by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of The Netherlands or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Certificates after such withholding or deduction shall equal the amount of the Settlement Amount or the Early Termination Amount, as the case may be, which would otherwise have been receivable in respect of the Certificates, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Certificate presented for payment:

- (i) by or on behalf of a Certificateholder who is liable for such taxes or duties in respect of such Certificate by reason of his having some connection with The Netherlands other than the mere holding of such Certificate or the Settlement Amount as the case may be; or
- (ii) by or on behalf of a Certificateholder who would not be liable or subject to the withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
- (iii) more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day.

As used herein, the "Relevant Date" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Issuer on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Certificateholders in accordance with Condition 16.

10. Market Disruption

(a) *Rights on a Market Disruption Event*

If, in the opinion of the Calculation Agent, a Market Disruption Event has occurred and is continuing on the Valuation Date or the Early Termination Date, then the Valuation Date or the Early Termination Date, as the case may be, shall be the first

succeeding Exchange Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the two Exchange Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date or Early Termination Date. In that case, (i) that second Exchange Business Day shall be deemed to be the Valuation Date or the Early Termination Date, as the case may be, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the official closing level of the Index on that second Exchange Business Day in accordance with the formula for and method of calculating the Index last in effect prior to the commencement of the Market Disruption Event using the exchange traded price (or, if trading in the relevant security has been materially suspended or materially limited, its good faith estimate of the exchange traded price that would have prevailed but for the suspension or limitation) as of the Valuation Time on that second Exchange Business Day of each security comprised in the Index.

(b) *Meaning of “Market Disruption Event”*

“Market Disruption Event” means the occurrence or existence on any Exchange Business Day during the one-half hour period that ends at the Valuation Time of any suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by a Relevant Exchange or otherwise), (a) on the Relevant Exchange in securities that comprise 20 per cent or more of the level of the relevant Index or (b) in options contracts or futures contracts on the Index on any Related Exchange.

For the purpose of determining whether a Market Disruption Event exists at any time, if trading in a security included in the Index is materially suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation.

The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Issuer (if not also the Calculation Agent) and the Clearing Systems of the existence or occurrence of a Market Disruption Event on any day that but for the occurrence or existence of a Market Disruption Event would have been the Valuation Date or the Early Termination Date, as the case may be.

11. Adjustments

(a) *General Adjustment Events*

- (i) If the Index is not calculated and announced by the sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent; or if the Index is replaced by a successor index using, in the determination of the Calculation Agent, the same or substantially similar formula for and method of calculation as used in the calculation of the Index, then that index will be deemed to be the Index so calculated and announced by that successor sponsor or that successor index, as the case may be.
- (ii) If on or prior to the Valuation Date or the Early Termination Date, the relevant Index sponsor (1) makes a material change in the formula for or method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stock and capitalisation and other routine events); (2) fails to calculate and announce the Index or (3) ceases to calculate the Index, the Calculation Agent may elect (a) that such Index will be replaced by an index that is in the opinion of the Calculation Agent substantially similar to the Index; or (b) to calculate the relevant official closing price of the Index, using in lieu of a published level for the Index, the level for the Index as at the Valuation Date or the Early Termination Date as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to that change or failure, but using only those securities that comprise the Index immediately prior to that change or failure (not including those securities that have since ceased to be listed on the Relevant Exchange); or (c) in the case of a material modification of the Index only, to deem such modified Index to be the Index so calculated and announced; or (d) to terminate the Certificates by giving notice in accordance with Condition 16, notwithstanding the provisions of Condition 7.

(b) *Other Adjustments*

The Issuer reserves the right to make adjustments or to distribute to the Certificateholders any rights in connection with the Certificates as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer believes (in its absolute discretion and notwithstanding any adjustments previously made to the Certificates) should in the context of the issue of Certificates and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Securityholder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Relevant Exchange.

(c) *Notice of Adjustments*

The Calculation Agent shall give notice to Certificateholders of any adjustment in accordance with Condition 16. All calculations and adjustments made by the Calculation Agent are definitive and binding on the Certificateholders, except in the

case of manifest error. The Issuer cannot be held liable for any errors, mistakes or omissions in the calculation, distribution and publication of the Index or in the level of the Index.

12. Prescription

The Certificates will become void unless presented for payment within a period of five years after the Relevant Date (as defined in Condition 9) therefor.

13. Events of Default

If any one or more of the following events (each an “Event of Default”) shall have occurred and be continuing:

- (i) default is made for more than 30 days in the payment of the Settlement Amount or Early Termination Amount in respect of the Certificates; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Certificates and such failure has continued for the period of 60 days next following the service on the Issuer of notice requiring the same to be remedied; or
- (iii) the Issuer is declared bankrupt, or a declaration in respect of the Issuer is made under Chapter X of the Act on the Supervision of the Credit System (*Wet toezicht kredietwezen 1992*) of The Netherlands; or
- (iv) an order is made or an effective resolution is passed for the winding up or liquidation of the Issuer unless this is done in connection with a merger, consolidation or other form of combination with another company and such company assumes all obligations contracted by the Issuer in connection with the Certificates,

then any Certificate holder may, by written notice to the Issuer at the specified office of any of the Paying Agents, effective upon the date of receipt thereof by such Paying Agent, declare the Certificate held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at its fair market value together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

14. Purchase by Issuer

The Issuer or any of its subsidiaries may at any time purchase Certificates at any price in the open market or by tender or private treaty. Any Certificates so purchased may be held, resold or cancelled.

15. Agents

(a) Paying Agents

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent or exchange agent acts, provided that:

- (i) so long as the Certificates are listed on any stock exchange, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange; and
- (ii) there will at all times be a Fiscal Agent which shall act as principal paying agent, paying and exchange agent in relation to the Certificates.

Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Certificateholders in accordance with Condition 16.

(a) Calculation Agent

The Issuer reserves the right to vary or terminate the appointment of the Calculation Agent provided that it shall at all times maintain a Calculation Agent. The Calculation Agent (whether it be the Issuer or a third party), acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Certificateholders. All calculations and determinations in respect of the Certificates made by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer and the Certificateholders.

ABN AMRO BANK N.V.

History and Incorporation

ABN AMRO Holding N.V. (“Holding”) is incorporated under The Netherlands law by deed of 30 May 1990 as the holding company of the Issuer. The Articles of Association of Holding were last amended by deed of 12 May 1997 executed before Mr. R.J.C. van Helden, Notary Public of Amsterdam. Holding’s main purpose is to own ABN AMRO Bank N.V. and its subsidiaries. Holding owns 100 per cent. of the shares of the Issuer and is jointly and severally liable for all liabilities of the Issuer.

The Issuer traces its origin to the formation of the “Nederlandsche Handel-Maatschappij, N.V.” in 1825 pursuant to a Dutch Royal Decree of 1824. The Issuer’s Articles of Association were last amended by deed of 21 September 1991.

The Issuer is registered in the Commercial Register of Amsterdam under number 33002587.
The registered office of the Issuer is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

Activities and Results

The ABN AMRO group (“ABN AMRO”), which consists of Holding and its subsidiaries, is a banking group offering a wide range of commercial and investment banking products and services on a global basis through its network of approximately 3,500 offices and branches in 76 countries and territories (as of 31 December 1999). ABN AMRO is the largest banking group based in The Netherlands with total consolidated assets of EUR 457.9 billion at 31 December 1999. ABN AMRO has a substantial presence in the United States, where it is one of the largest foreign banking groups based on total assets held in the country. And it also has a substantial presence in Brazil where it acquired Banco Real, the fourth largest privately held bank in the country in November 1998. During 1999, ABN AMRO also established a presence in Italy.

ABN AMRO’s performance reflects the group’s broad diversification of revenue sources and risks on the basis of geography and products, its leading position in its home markets and a cautious management approach that focuses on shareholder value, profitability and cost control.

ABN AMRO’s strategy is to use its strong capital base to pursue both organic growth and expansion through acquisitions with the goal of enhancing its position in key regions, broadening the range of products and services offered without risking its ability to achieve its targets for financial performance.

In 2000, ABN AMRO is undergoing a restructure focused on better serving clients needs and maximising shareholder value. The current organisational model based on geography will be replaced by a model focussing on client segments.

Operating Divisions

The Issuer and its numerous subsidiaries will be organized into three strategic business units: Wholesale clients, Consumer and Commercial Clients and Private Clients and Asset Management. In addition, the Bank owns ABN AMRO Lease Holding N.V., an independently managed subsidiary. The operating divisions are supported by a Corporate Center.
