Transfers of securities to The Royal Bank of Scotland plc pursuant to the Dutch Scheme

On 6 February 2010, ABN AMRO Bank N.V. (registered with the Dutch Chamber of Commerce under number 33002587) changed its name to The Royal Bank of Scotland N.V. („**RBS N.V.**“) and on 1 April 2010 ABN AMRO Holding N.V. changed its name to RBS Holdings N.V.

On 26 March 2012, the Boards of The Royal Bank of Scotland Group plc, The Royal Bank of Scotland plc (with its registered office at 36 St Andrew Square, Edinburgh, Scotland) („**RBS plc**“), RBS Holdings N.V., RBS N.V. and RBS II B.V. announced that (1) RBS N.V. (as the demerging company) and RBS II B.V. (as the acquiring company) had filed a proposal with the Dutch Trade Register for a legal demerger of a substantial part of the business conducted by RBS N.V. in the Netherlands as well as in certain EMEA branches of RBS N.V. by way of a Dutch statutory demerger (the „**Demerger**“), and (2) RBS plc and RBS II B.V. had made filings with Companies House in the UK and the Dutch Trade Register respectively for, following the Demerger, a proposed cross-border merger of RBS II B.V. into RBS plc (the „**Merger**“, and together with the Demerger, the „**Dutch Scheme**“). The Demerger took effect at 00:00hrs (Central European Summer Time) on 10 September 2012 and the Merger took effect at 00:01hrs (British Summer Time) on 10 September 2012 (the „**Effective Time**“).

From the Effective Time, RBS plc became the issuer of those securities originally issued by RBS N.V. which were transferred to RBS plc pursuant to the Dutch Scheme (unless the securities were exercised, redeemed or repurchased and cancelled prior to the Effective Time). For details of which securities RBS plc has become the issuer of from the Effective Time pursuant to the Dutch Scheme, investors should refer to (I) for securities issued prior to 23 March 2012, www.investors.rbs.com/RBS_NV, or (II) for securities issued from on or about 23 March 2012, the issue and/or offer documents (if such issue and/or offer documents indicate that RBS plc was expected to become the issuer of the securities as a result of the Dutch Scheme, then (subject as set out above) RBS plc has become the issuer).

Under the Dutch Scheme, certain agreements relating to the transferring securities to which RBS N.V. was a party were also transferred to RBS plc (in full or to the extent connected with the relevant transferring securities), on the terms and subject to the exceptions described in the Demerger proposal.

In conjunction with the implementation of the Dutch Scheme, RBS plc has offered certain irrevocable undertakings to holders of the transferred securities, and counterparties to the transferring agreements, pursuant to a Deed of Irrevocable Offer executed by it and dated 25 March 2012 („**Deed of Irrevocable Offer**“). The Certificates are derivative financial instruments linked to the Index and, accordingly, the Settlement Amount and/or the Early Termination Amount may be affected by, *inter alia*, the value of the Index. Prospective purchasers should make their own independent evaluation of the risks associated with an investment in the Certificates.

In connection with this issue, the Issuer may over-allot or effect transactions which stabilise or maintain the market price of the Certificates at a level which might not otherwise prevail. Such stabilising shall be in compliance with all relevant laws and regulations.

DOCUMENTS INCORPORATED BY REFERENCE

The Issuer incorporates by reference into this Prospectus (i) the annual reports for the years ended 31 December 1998, 1999 and 2000 of ABN AMRO Holding N.V. (each of which incorporates the financial statements of the Issuer) (in English); and (ii) the articles of association of the Issuer.

From the date of this Prospectus a copy of any or all of the documents which are incorporated herein by reference will be available free of charge during usual business hours on any day (except Saturdays and Sundays and legal holidays) and written or telephone requests for such documents should be directed to the Issuer at its registered office set out at the end of this Prospectus. Such documents will also be available upon request at the offices of the Fiscal Agent.

RISK FACTORS

An investment in the Certificates entails significant risks not associated with similar investments in a conventional debt and equity security, including the following:

The Certificates entitle the Certificateholder to receive, upon exercise of the Certificates by the Certificateholders or Early Termination by the Issuer, the Settlement Amount or the Early Termination Amount from the Issuer. Investors are therefore at risk that the level of the Index may cause the Settlement Amount or the Early Termination Amount to be less than the amount paid for the Certificates. Accordingly, this investment bears similar market risk to a direct equity investment and investors are cautioned to take advice accordingly.

There can be no assurance as to how the Certificates will trade in the secondary market or whether such market will be liquid or illiquid. Application has been made to list the Certificates on the Official Segment of the Stock Market of Euronext Amsterdam N.V. No assurance can be given that there will be a market for the Certificates. If the Certificates are not traded on any Certificates exchange, pricing information for the Certificates may be more difficult to obtain, and the liquidity and market prices of the Certificates may be adversely affected.

The market value for the Certificates will be affected by a number of factors independent of the creditworthiness of the Issuer and the level of the Index, including, but not limited to market interest, exchange rates and yield rates. In addition, the level of the Index depends on a number of interrelated factors, including economic, financial and political events in Europe and elsewhere, including factors affecting capital markets generally and the Relevant Exchange. The price at which a Certificateholder will be able to sell Certificates prior to exercise may be substantially below the value of the Certificates at the Issue Date if, at such time, the level of the Index is below, equal to or not sufficiently above the level of the Index at the date of this Prospectus. The historical levels of the Index should not be taken as an indication of the Index's future performance during the term of the Certificates.

Potential conflicts of interest may exist between the Calculation Agent and Certificateholders, including with respect to certain determinations and judgments that the Calculation Agent may make pursuant to the Conditions that may influence the amount receivable upon redemption of the Certificates.

Prospective investors who consider purchasing the Certificates should be aware that these Certificates are Open-End Certificates. This means that settlement of the Certificates depends on the Certificateholder exercising his right to receive the Settlement Amount, or the Issuer terminating the Certificates.

Prospective investors who consider purchasing the Certificates should reach an investment decision only after carefully considering the suitability of the Certificates in light of their particular circumstances.

(a) Form

The Certificates are issued in bearer form. Each Tranche of Certificates will be represented by a global certificate (the “Global Certificate”), which will be deposited with Clearstream, Frankfurt on or about 2 July 2001.

The Global Certificate shall not be exchangeable for definitive certificates unless either (i) Clearstream, Frankfurt, NECIGEF, Euroclear or Clearstream, Luxembourg close for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business and the Certificateholder is unable to settle its Certificates through any non-affected Clearing System; or (ii) any of the circumstances in Condition 13 occurs.

(b) Transfer and Title

Interests in the Global Certificate will be transferable in accordance with the rules and procedures for the time being of the Clearing Systems and all transactions in (including transfers of) the Certificates, in the open market or otherwise, must be effected through an account at NECIGEF, Clearstream Frankfurt, Clearstream, Luxembourg or Euroclear. Title to the Certificates passes upon registration of the transfer in the books of the Clearing Systems.

In the event that Certificates are issued in definitive form in the circumstances specified above, title to such definitive Certificates will pass by delivery. The Issuer and any Paying Agent may deem and treat the bearer of any Certificate

as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes.

Transfers of the Certificates may be effected in minimum numbers of 1 Certificate.

3. Status of the Certificates

The Certificates constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

4. Interest

The Certificates bear no interest.

5. Payments by the Issuer

(a) Entitlement

Each Certificate will entitle the Certificateholder to receive, upon exercise and subject as set out below, from the Issuer the Settlement Amount on the Settlement Date, unless such Certificate has been terminated as provided herein.

(b) Payments

The Issuer shall on the Settlement Date, subject to compliance by the Certificateholder with the exercise procedure set out herein, or on the Early Termination Payment Date, as the case may be, pay or cause to be paid an amount equal to the Settlement Amount of the duly exercised Certificates or Early Termination Amount, as the case may be, to an account designated by the Certificateholder for value on the Settlement Date or Early Termination Payment Date, as the case may be.

In the case of Certificates in definitive form, payments will be made upon surrender of Certificates at the specified office of any of the Paying Agents.

(c) Payments subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws and regulations and practices in force at the relevant time (including, without limitation, any relevant exchange control laws or regulations and the rules and proceedings of the Clearing Systems), but without prejudice to the provisions of Condition 9.

Neither the Issuer nor the Principal Agent shall incur any liability whatsoever if it is unable to effect the transaction contemplated, after using all reasonable efforts, as a result of any such laws, regulations and practices. Neither the Issuer nor the Principal Agent shall under any circumstances be liable for any acts or defaults of any clearing system in the performance of its duties in relation to the Certificates. Section 161(1) of Book 6 of the Dutch Civil Code will not be applicable to any Certificate that, after issuance, comes into the possession of ABN AMRO Bank N.V.

6. Exercise Procedure

(a) Exercise

The Certificates are exercisable on each Exercise Date prior to the Exercise Time, unless terminated as provided herein.

Certificates may only be exercised by delivery in writing, by tested telex confirmed in writing, or by any other means acceptable to the Fiscal Agent of a duly completed Exercise Notice to the Fiscal Agent and with a copy to a Paying Agent on or before the Exercise Time on the Exercise Date. The form of such notice shall be in the form as set out in the Agency Agreement or in such other form as the Fiscal Agent may specify. Copies of the Exercise Notice may be obtained from the Paying Agents and must be delivered to the Fiscal Agent and with a copy to a Paying Agent not later than the Exercise Time on the Exercise Date.

The Exercise Notice must:

- (i) specify the name, address, facsimile, telex, telephone and attention details of the Certificateholder;
- (ii) specify the number of Certificates being exercised;
- (iii) specify the number of the Certificateholder's account at a Clearing System to be credited with the Settlement Amount;
- (iv) include an irrevocable undertaking to pay any taxes and an instruction and authority to the Clearing System to deduct an amount in respect thereof from the Settlement Amount due to such Certificateholder or to debit, at any

time on or after the Settlement Date, the specified account of the Certificateholder at the Clearing System with an amount in respect thereof and to pay such taxes to the extent of such amount or amounts;

(v) certify that the Certificates are not being exercised by or on behalf of a U.S. person or person within the United States and Certificates are not beneficially owned by a U.S. person or a person within the United States and authorising such certificate to be produced in administrative or legal proceedings (all as more fully set out in the Exercise Notice);

(vi) authorise the production of the certification referred to in Condition 6(a)(v) in any applicable administrative or legal proceedings.

An Exercise Notice which has not been received by the Exercise Time on the Exercise Date to which it applies, shall be void and no Certificates in respect to such Exercise Notice and the applicable Exercise Date shall be exercised. The Exercise Notice shall be void if the number of Certificates specified in the Exercise Notice exceeds, on the Exercise Date, the number of Certificates held in the account specified therein.

b) Determinations

Any determinations as to whether the telex or notice referred to in Condition 6(a) is duly completed and in proper form shall be made by the Fiscal Agent and shall be conclusive and binding on the Issuer and the relevant Certificateholder. Any such telex or notice determined to be incomplete or not in proper form shall be null and void.

If such telex or notice is subsequently corrected to the satisfaction of the Fiscal Agent it shall be deemed to be a new notice delivered at the time such corrected telex or notice is delivered to the Issuer.

c) Effect of Exercise Notice

Delivery of a telex or notice as referred to in Condition 6(a) shall constitute an irrevocable election and undertaking by the relevant Certificateholder to exercise the Certificates specified in it. After the delivery of such telex or notice, such exercising Certificateholder may not otherwise transfer such Certificates. Notwithstanding this, if a Certificateholder does so transfer or attempts so to transfer such Certificates, the Certificateholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer including those suffered or incurred as a consequence of it having terminated any related hedging operations in reliance on the relevant telex or notice and subsequently (i) entering into replacement hedging operations in respect of such Certificates or (ii) paying any amount on the subsequent exercise of such Certificates without having entered into any replacement hedging operations.

7. Early Termination

As of the Business Day that is three calendar years following the Issue Date, the Issuer has the option to terminate the Certificates, in whole but not in part, on any Exchange Business Day on giving not less than two calendar years' notice. Such notice will be given to the Clearing Systems and published in accordance with Condition 16 and shall specify the Early Termination Date. In such event, each Certificate will entitle the Certificateholder to receive from the Issuer the Early Termination Amount on the Early Termination Payment Date, unless previously exercised.

8. Determination of the Settlement Amount

(a) Calculation Agent

The Calculation Agent shall not act as an agent for the Certificateholders but shall be the agent of the Issuer and all calculations and determinations hereunder shall (save in the case of manifest error) be final and binding on the Issuer, the Paying Agents and the Certificateholders. All calculation functions required of the Calculation Agent under these terms and conditions may be delegated to such person as the Calculation Agent, in its absolute discretion, may decide.

(b) Responsibility

Neither the Issuer, the Paying Agents nor the Calculation Agent shall have any responsibility for any errors or omissions in the calculation and dissemination of any variables published by third parties and used in any calculation made pursuant to these terms and conditions.

9. Taxation

All payments in respect of the Certificates by the Issuer will be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of The Netherlands or the United Kingdom or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law.

In such event, the Issuer will make the required withholding or deduction of such taxes, duties, assessments or governmental charges for the account of the holders of the Certificates and shall not pay any additional amounts to

the holders of the Certificates.

10. Market Disruption

(a) Rights on a Market Disruption Event

If, in the opinion of the Calculation Agent, a Market Disruption Event has occurred and is continuing on the Valuation Date or the Early Termination Date, then the Valuation Date or the Early Termination Date, as the case may be, shall be the first succeeding Exchange Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the two Exchange Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date or Early Termination Date. In that case, (i) that second Exchange Business Day shall be deemed to be the Valuation Date or the Early Termination Date, as the case may be, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the official closing level of the Index on that second Exchange Business Day in accordance with the formula for and method of calculating the Index last in effect prior to the commencement of the Market Disruption Event using the exchange traded price (or, if trading in the relevant security has been materially suspended or materially limited, its good faith estimate of the exchange traded price that would have prevailed but for the suspension or limitation) as of the Valuation Time on that second Exchange Business Day of each security comprised in the Index.

(b) Meaning of "Market Disruption Event"

"Market Disruption Event" means the occurrence or existence on any Exchange Business Day during the one-half hour period that ends at the Valuation Time of any suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by a Relevant Exchange or otherwise), (a) on the Relevant Exchange in securities that comprise 20 per cent or more of the level of the relevant Index or (b) in options contracts or futures contracts on the Index on any Related Exchange.

For the purpose of determining whether a Market Disruption Event exists at any time, if trading in a security included in the Index is materially suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation.

The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Issuer (if not also the Calculation Agent) and the Clearing Systems of the existence or occurrence of a Market Disruption Event on any day that but for the occurrence or existence of a Market Disruption Event would have been the Valuation Date or the Early Termination Date, as the case may be.

11. Adjustments

(a) General Adjustment Events

(i) If the Index is not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent; or if the Index is replaced by a successor index using, in the determination of the Calculation Agent, the same or substantially similar formula for and method of calculation as used in the calculation of the Index, then that index will be deemed to be the Index so calculated and announced by that successor sponsor or that successor index, as the case may be.

(ii) If on or prior to the Valuation Date or the Early Termination Date, the Index Sponsor (1) makes a material change in the formula for or method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stock and capitalisation and other routine events); (2) fails to calculate and announce the Index or (3) ceases to calculate the Index, the Calculation Agent may elect (a) that such Index will be replaced by an index that is in the opinion of the Calculation Agent substantially similar to the Index; or (b) to calculate the relevant official closing price of the Index, using in lieu of a published level for the Index, the level for the Index as at the Valuation Date or the Early Termination Date as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to that change or failure, but using only those securities that comprise the Index immediately prior to that change or failure (not including those securities that have since ceased to be listed on the Relevant Exchange); or (c) in the case of a material modification of the Index only, to deem such modified Index to be the Index so calculated and announced; or (d) to terminate the Certificates by giving notice in accordance with Condition 16, notwithstanding the provisions of Condition 7.

(b) Other Adjustments

The Issuer reserves the right to make adjustments or to distribute to the Certificateholders any rights in connection with the Certificates as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer believes (in its absolute discretion and notwithstanding any adjustments previously made to the

Certificates) should in the context of the issue of Certificates and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Securityholder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Relevant Exchange.

(c) *Notice of Adjustments*

The Calculation Agent shall give notice to Certificateholders of any adjustment in accordance with Condition 16. All calculations and adjustments made by the Calculation Agent are definitive and binding on the Certificateholders, except in the case of manifest error. The Issuer cannot be held liable for any errors, mistakes or omissions in the calculation, distribution and publication of the Index or in the level of the Index.

12. Prescription

The Certificates will become void unless presented for payment within a period of five years after the Relevant Date (as defined in Condition 9) therefor.

13. Events of Default

If any one or more of the following events (each an "Event of Default") shall have occurred and be continuing:

- (i) default is made for more than 30 days in the payment of the Settlement Amount or Early Termination Amount in respect of the Certificates; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Certificates and such failure has continued for the period of 60 days next following the service on the Issuer of notice requiring the same to be remedied; or
- (iii) the Issuer is declared bankrupt, or a declaration in respect of the Issuer is made under Chapter X of the Act on the Supervision of the Credit System (*Wet toezicht kredietwezen 1992*) of The Netherlands; or
- (iv) an order is made or an effective resolution is passed for the winding up or liquidation of the Issuer unless this is done in connection with a merger, consolidation or other form of combination with another company and such company assumes all obligations contracted by the Issuer in connection with the Certificates,

then any Certificate holder may, by written notice to the Issuer at the specified office of any of the Paying Agents, effective upon the date of receipt thereof by such Paying Agent, declare the Certificate held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at its fair market value together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

14. Purchase by Issuer

The Issuer or any of its subsidiaries may at any time purchase Certificates at any price in the open market or by tender or private treaty. Any Certificates so purchased may be held, resold or cancelled.

15. Agents

(a) *Paying Agents*

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent or exchange agent acts, provided that:

- (i) so long as the Certificates are listed on any stock exchange, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange; and
- (ii) there will at all times be a Fiscal Agent which shall act as principal paying agent, paying and exchange agent in relation to the Certificates.

Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Certificateholders in accordance with Condition 16.

(b) *Calculation Agent*

The Issuer reserves the right to vary or terminate the appointment of the Calculation Agent provided that it shall at all times maintain a Calculation Agent. The Calculation Agent (whether it be the Issuer or a third party), acts solely as

agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Certificateholders. All calculations and determinations in respect of the Certificates made by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer and the Certificateholders.

Any such notice shall be deemed to have been given on the date of such publication or notification or, if published or notified more than once or on different dates on the date of the first such publication or notification.

And it also has a substantial presence in Brazil where it acquired Banco Real, the fourth largest privately held bank in the country in November 1998. During 1999, ABN AMRO also established a presence in Italy.

ABN AMRO’s performance reflects the group’s broad diversification of revenue sources and risks on the basis of clients, products and geography, its leading position in its home markets and a cautious management approach that focuses on shareholder value, profitability and cost control.

The Certificates have not been and will not be registered under the Securities Act 1933 (the “Securities Act”) (as amended) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. The lead manager (ABN AMRO Bank N.V.) has agreed that it will not offer or sell the Certificates, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the closing date, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Certificates during the restricted period a confirmation or other notice setting forth the restrictions on offers and sales of the Certificates within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering, an offer or sale of Certificates within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Japan

No Certificates can be offered or sold in contravention of the Securities and Exchange Law of Japan.

United Kingdom

The Issuer has represented and agreed that (1) it has not offered or sold and prior to the date six months after the date of issue of the Certificates will not offer or sell any Certificates to persons in the United Kingdom except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995; (2) it has complied and will comply with all applicable provisions of the Financial Services Act 1986 with respect to anything done by it in relation to the Certificates in, from or otherwise involving the United Kingdom and (3) it has only issued or passed on, and will only issue or pass on, in the United Kingdom any document received by it in connection with the issue of the Certificates to a person who is of a kind described in Article 11(3) of the Financial Services Act 1986 (Investment Advertisements) (Exemptions) Order 1996 or is a person to whom such document may otherwise lawfully be issued or passed on.

TAX TREATMENT IN THE NETHERLANDS

The following is a general summary of the Dutch taxes discussed as at the date hereof in relation to payments made under the Certificates. It is not exhaustive and Certificateholders who are in doubt as to their tax position should consult their professional advisers.

- (a) All payments of either Early Termination Amount or Settlement Amount by the Issuer in respect of the Certificates can be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein.
- (b) A Certificateholder who derives income from a Certificate or who realises a gain on the disposal or redemption of a Certificate will not be subject to Dutch taxation on income or capital gains unless:
- (i) the holder is, or is deemed to be, resident in The Netherlands; or
 - (ii) such income or gain is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in The Netherlands; or
 - (iii) the holder has, directly or indirectly, a substantial interest or a deemed substantial interest in the Issuer and such interest or the Certificate does not form part of the assets of an enterprise; or
 - (iv) the holder is an individual not having a substantial interest or a deemed substantial interest in the Issuer, but any of certain connected persons has a substantial interest or a deemed substantial interest in the Issuer and such interest or the Certificate does not form part of the assets of an enterprise; or
 - (v) such income or gain is attributable to activities carried out in the Netherlands by the holder and such activities exceed "normal investment activities".

Holders resident or deemed to be resident in The Netherlands or who have elected to be treated as a Dutch resident holder for Dutch tax purposes are subject to Dutch income tax on a deemed return regardless of actual income derived from a Certificate or gain or loss realised upon disposal or redemption of a Certificate, provided that the Certificate is a portfolio investment and not held in the context of any business or substantial interest.

The deemed return amounts to 4 per cent. of the average value of the holder's net assets in the relevant fiscal year (including the Certificates). The average value of the holder's net assets in a fiscal year is equal to the sum of the value of the net assets at the beginning of the fiscal year and at the end of the fiscal year divided by two. Taxation only occurs to the extent the average value of the holder's net assets exceeds the "exempt net asset amount" (*heffingsvrij vermogen*) which is, for the year 2001, in principle EUR 17,600. The deemed return is reduced by the portion of the personal allowances on annual income the holder is entitled to. As so reduced, the deemed return shall be taxed at a rate of 30 per cent..

- (c) Dutch gift, estate or inheritance taxes will not be levied on the occasion of the transfer of a Certificate by way of gift, or on the death of a Certificateholder unless:
- (i) the holder is, or is deemed to be, resident in The Netherlands; or
 - (ii) the transfer is construed as a gift or as an inheritance made by or on behalf of a person who, at the time of the gift or death, is or is deemed to be, resident in The Netherlands; or
 - (iii) such Certificate is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in The Netherlands.
- (d) There is no Dutch registration tax, capital tax, customs duty, stamp duty or any other similar tax or duty other than court fees payable in The Netherlands in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgement in the courts of The Netherlands) of the Certificates or the performance of the Issuer's obligations under the Certificates.
- (e) A Certificateholder will not become resident or deemed to be resident in The Netherlands by reason only of the holding of the Certificate or the execution, performance, delivery and/or enforcement of the Certificate.
